Sacramento County will hold a press conference today at 11:00 a.m., in the Board Chambers at the County Administration Building to provide an update on its response to the COVID-19 virus. **Media must be on-site by 10:30 a.m., to get a seat.**

In order to maintain social distancing directives for health and safety measures, a very limited number of people will be allowed in the Board Chambers. The speakers will sit up at the dais, and there will be designated chairs for media personnel that stay in line with a minimum of six feet distance between persons.

Because of the limited space for not only people, but for equipment, the media is instructed to designate a **pool camera (one video and one still)** to record the conference and provide copies to all media outlets present.

- One video camera and one still camera will be permitted inside chambers
- Only one reporter from each media outlet will be permitted in chambers (along with the designated pool photographers)
- Those in attendance will be given an assigned seat

Any questions after the press conference can be submitted via [covidmedia@saccounty.net](mailto:covidmedia@saccounty.net).
